

LED Down Courtesy Light Installation Instructions

(Base Part #: 69307)

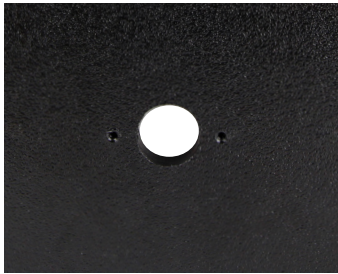

PARTS NEEDED:

			
Courtesy Light	Mounting Screws	Power Drill	Wire Nuts (not provided)

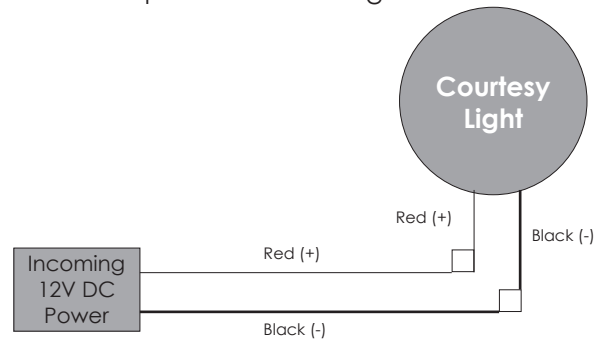

Safety Instructions

- Disconnect power before installing, adding or changing any component.
- To avoid a hazard to children, account for all parts and destroy all packing materials.
- Light is rated for interior installation only, do not install in wet locations.
- Operating Voltage: 10 - 14V DC
- Do not install any luminaire assembly closer than 6" from any curtain or other combustible material.

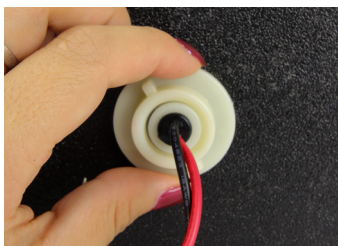

1. Determine where your LED light fixture will be installed. Once determined, drill a hole for the wires.

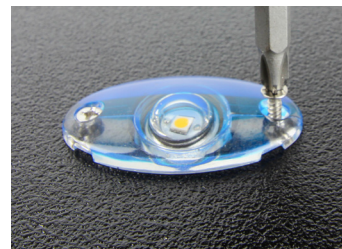

2. Use the wiring diagram below to wire the light to the units power. Test the light

3. Feed the wires through the hole and screw the back nut onto the fixture

3. Mark location of screw holes and pre-drill. Screw in fixture and snap bezel onto the light.
