

# Adjustable Drink Holder Install Instructions

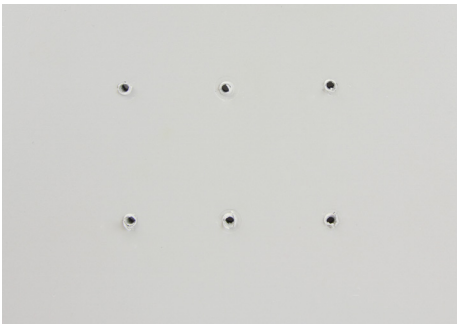

(Base Part #: 81405)

## PARTS NEEDED:

		
Drink Holder	Mounting Screws (not provided)	Power Drill (not provided)

**Determine installation location. Make sure there is structural support behind the drink holder. Failure to install into adequate support will void the warranty and run the risk of pulling the drink holder out of the wall.**

1. Determine installation location, then mark screw holes and drill pilot holes.

2. Place drink holder over holes and screw in.

3. When not in use fold down arms then close cap. To expand the arms simply pull out on the arms.
